

40 Year Service Award Winners Biography – Ken Driedger

Vision

Ken's passion is to see thriving local churches globally reach all people groups everywhere. Melanie's passion is to see healthy, loving Christ followers serving effectively everywhere. MICN's calling is to start and strengthen International Churches for missional impact globally, to turn the scattered people of the world into sent people in His mission!

Bio

We were both privileged to be raised by godly parents and received Christ early in life. Ken lived in Africa as a child and Melanie in a ministry home. When God called us to ministry, we both gladly said yes, wanting to be part of making a difference anywhere for God's Kingdom.

Our ministry journey led us to begin with youth ministry at First Alliance, Calgary and University Drive, Saskatoon. Then to pastoring at Portage Alliance in Portage la Prairie, MB, then as DS in the Alliance Western Canadian District, and then to pastoring an International Church in the Middle East. Ken as a pastor and Melanie as a counselor.

Currently, in partnership with the Alliance Canada, Ken serves as both the President of Missional International Church Network (MICN) Canada and MICN Church Effectiveness Coach (www.micn.org), and Melanie serves through her counseling practice.

Current Priorities

MICN is passionate about equipping and empowering International Churches and leaders to mobilize scattered people from all people groups, to passionately pursue the mission of Christ until He returns. Our world is experiencing an unprecedented global scattering of people once presumed impossible to reach. Scattered people long for a place to belong, creating an extraordinary opportunity for the Church as a gathering place, to minister to, with and through scattered people.
